

Outstanding GCSE results for St Bernard's Year 11 Students, 2018

Staff and Governors extend their congratulations to the Year 11 students who received their examination results on the 23 August 2018.

Once again we are delighted to report very strong academic results.

Over 90% of year 11 students achieved a 4 (standard pass) or higher at GCSE in both Mathematics and English. The proportion gaining a standard pass in Mathematics rose, and, in English, a third of our year 11 students gained a 7 or higher, and nearly 80% of year 11 students achieved a 5 (strong pass).

There was similar success across the wider curriculum, as over 81% of students gained grades 9-4 across all subjects.

Congratulations go to all our students for their hard work and achievement, and we take this opportunity to recognise the care and support given to them by parents, carers and the adults in the school, in achieving such great success.
