Dear Parent/Carer,

Re: UCAS and Future Pathways information evening follow up

Thank you to those who were able to attend last night's Year 12 UCAS and Future Pathways information evening. It was great to see many of you in person to explore your child's next steps. Please see attached the PPT we shared last night.

Last week we had a very successful Future Pathways Day with the students, and they have started thinking seriously about their futures. Your support in this process is invaluable and we hope you will actively use UNIFROG the main platform which will help students to explore their next steps. You can use UNIFROG with the log in that was shared by Mrs Phillips yesterday to help you engage with the platform.

We have several events planned for HT6 which will support your child in choosing their next steps including a Personal Statement workshop, UCAS fair and each week we will use form time on a Thursday for them to be considering their next steps. If you have not granted consent for the UCAS fair on the 12th of June please do ensure this is granted for your child.

The most important thing students can be doing now is continuing to study and work hard towards their A levels as these will be the key to securing the futures they desire. If you attended last night's event, please complete the evaluation form linked below – your feedback is greatly appreciated. I wish you a restful half term.
